

Benford Tit-bits...

Volume 1 Issue 1 13th September, 2017.

...Beginning of the term

Greetings to you our very dear parents as we once more welcome our children back to school. We are very grateful to Almighty God for His protection over us during the holiday. This term in Benford International School, we have a new Head Teacher, whose name is Mrs Regina Emah. For the first time in Benford International Schools, the children are being introduced to living values which would enhance their acquisition of life values that would make them better leaders for the future. The children would showcase drama presentations on the living value for the term which is Discipline.

Barney welcomes pupils to school

We are happy to announce our After School Care which commences from the second week of resumption. Parents are not expected to pay for the After School Care this term. The programme involves only children in the primary section.

The pupils were ushered into school on Monday, 11th September, 2017 amidst a fanfare of music with Barney dancing and shaking the hands of pupils as they were brought to school by their parents. The children were really excited at this development. This is to usher in a lot of innovations that would be introduced this session in our dear school.

Excited teachers welcome pupils back to school

It is going to be a great term of hard work to achieve excellence and also to make learning fun for the children. We look forward dear parents to your usual supportive role of our programmes.
